*You can probably see right through this letter,
so I'll just come straight to the point.*

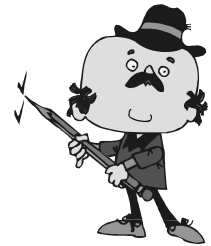

My name is Mark Patterson and I am a local Media Producer who has been working in the industry for over 15 years, doing what I love, and I have recently branched out on my own and would love the opportunity to earn your business.

*Whether you need VIDEO , AUDIO, or PRINTED media materials,
Take Two Digital is the ONE place to get it all!*

*I know that there is no shortage of talented professionals working in the industry locally,
but I believe Take Two Digital is exactly the company you need to get your message
to your customer in the most efficient, effective, and creative fashion.*

EFFICIENT

*While I have many contacts in the industry who could assist me, in point of fact
Take Two Digital is just me. We sit down together... We discuss what you want...
We arrive at a strategy... and I get the job done. There are no underlings to blame,
no miscommunications, no "lost-in-the-translations".*

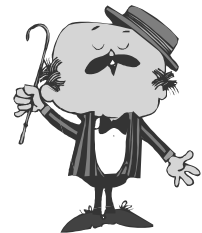

EFFECTIVE

*With over 15 years in media production, it is safe to say that I bring a wealth
of experience to the table. I have had a part in producing promotional materials
that were so effective that they earned top honors in competition and one
particular video actually frightened a small company out of business because the
response to it was so overwhelming. I'm not happy about that, but it happened.*

CREATIVE

*I don't want to bore you with "techno-babble" but just to say that I am using state
of the art equipment and software that allows me to promise you that... whatever
you can conceive, we can achieve. That's why my company slogan is
"It's not about what we can do, it's about what you want"
because we can "do" anything!*

P.S. *As a way of introducing the quality of work we can do, I am offering 15% off
our first project together. So please give me a call today and let's set up a time we can
meet and discuss what you need done and what we can do to help you exceed your expectations.*

"It's not about what we can do... it's about what you want!"
